DETAILED ACTION

Election/Restrictions

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. **Claims 1-15**, drawn to an avatar system for an electronic device, classified in class 700, subclass 245.
 - II. **Claims 16-21**, drawn to a method of operator interface of an avatar system, classified in class 725, subclass 40.
 - III. **Claims 22-27**, drawn to a business method of implementing a device avatar system having a contract service, classified in class 705, subclass 1.
2. Inventions I, II and III are related as combination and subcombination. Inventions in this relationship are distinct if it can be shown that (1) the combination as claimed does not require the particulars of the subcombination as claimed for patentability, and (2) that the subcombination has utility by itself or in other combinations (MPEP § 806.05(c)). In the instant case, the combination as claimed does not require the particulars of the subcombination as claimed because the observation that groups I and II-III are claimed independently are an indication of separate utility. The subcombination has separate utility such as a device avatar system does not require an owner or operator's interactive response or it can be facilitated without a contract service.

3. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement to be traversed (37 CFR 1.143)
4. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.
5. Because these inventions are distinct for the reasons given above and the search required for Group I is not required for Group II or III, restriction for examination purposes as indicated is proper.
6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jeffrey C. Pwu whose telephone number is 571-272-6798.
